Project Website
and Town Website
for final date/time.

CAN'T MAKE ANY OF THE MEETINGS?

Consider
completing the
web-based survey
by visiting the link
below. *Your input
is important!*

ADDITIONAL COMMUNITY INPUT SESSION HELD DUE TO INCLEMENT WEATHER AT INITIAL MEETING

The January 29, 2008 Comprehensive Plan Community Input Session was attended by approximately 15 community members, despite the winter storm. The meeting was not cancelled with the understanding that a second “make-up” meeting would be held sometime in February. As a result, the additional meeting was scheduled for February 20, 2008.

At these meetings, community members were able to review documents and maps that illustrated how the plan has progressed over time. Participants were provided a questionnaire designed to help the Comprehensive Plan Steering Committee gauge community preferences regarding future land use and other issues related to the plan.

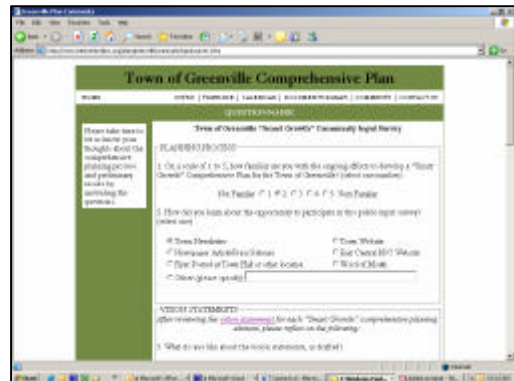

Randy Leiker, Town Chair, and Eric Fowle, ECWRPC Executive Director, explain the planning process during the Community Input Session on January 29.

Comments received at both community input sessions will be utilized by the Steering Committee to determine any changes that may need to be made to any of plan’s preliminary findings and recommendations. These comments will also be utilized as a way to guide development of the plan’s goals, strategies, and recommendations.

PROVIDE YOUR INPUT VIA WEB- BASED SURVEY

The Comprehensive Plan Steering Committee understands that a variety of circumstances can prevent interested citizens from attending meetings and providing input regarding the comprehensive plan’s development.

With this in mind, an online questionnaire has been developed as an alternative way for the community to review and comment on key information presented at the two community-wide input sessions (January 29, 2008 and February 20, 2008). The survey allows you to view and comment on vision statements, concept maps, and future land use alternatives. The information garnered

The Web-base Survey, above, is a great way for those unable to provide input via other means.

from this survey will be utilized by the Steering Committee to provide guidance as to the direction the plan should take.

The link to the survey is provided below:

www.eastcentralrpc.org/plangreenville/communityinputsurvey.htm

ADDITIONAL PUBLIC PARTICIPATION OPPORTUNITIES

In addition to the web-based survey, there are other ways to provide your input. Three options are available for providing general comments:

- **Comprehensive Plan Meetings.** All meetings related to developing Greenville’s “Smart Growth” Comprehensive Plan are open meetings—the community is encouraged to attend.
- **The “Comments” Box.** Provide general comments by visiting the following link: www.eastcentralrpc.org/plangreenville/comments.htm
- **ECWRPC Staff.** Contact Kara Homan, ECWRPC Project Planner, at 920/751-4770 or khoman@eastcentralrpc.org

The project website can be used to learn more about the Comprehensive Plan’s planning process, and to discover a variety of ways to participate and/or provide input. The “Comments” box, illustrated above, is just one example.

All community members are encouraged to get involved and provide input throughout the entire planning process. If you would like to receive emails to stay updated on the progress of the comprehensive plan, please provide your email via one of the means listed above.

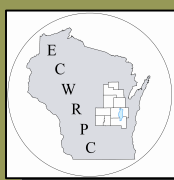

PLAN DEVELOPMENT PROGRESS

The Comprehensive Plan Steering Committee continues to make strides towards developing Greenville’s “Smart Growth” Comprehensive Plan. Currently, the planning process is nearing the end of

step three, which culminates with the community input sessions, and is embarking on step four (see table below).

	STEP 1	STEP 2	STEP 3	STEP 4	STEP 5	STEP 6	STEP 7
PLANNING PROCESS STEPS	Develop and Review Background Information	Develop Vision Statements	Develop and Select Preferred Future Land Use Alternative	Develop Goals, Strategies and Recommendations for Implementation	Determine Needs for Intergovernmental Cooperation	Review Draft Plan	Adopt Final Plan
TIME FRAME	Nov. '06 - June '07	Jan. '07 - Dec '07	Aug '07 - Jan '08	Feb '08 - May '08	June '08	July '08 - Sept '08	Oct '08 - Nov '08

CURRENT PLAN STATUS (Jan/Feb 2008)
